## ABOUT ME

As a recent graduate, I am eager to launch my career as a MERN-based web developer. I have a solid foundation in JavaScript, HTML, CSS, React.js and Node.js, and have completed several projects that showcase my skills in front-end and back-end web development. With a strong work ethic and a passion for coding, I am excited to contribute my knowledge and skills to a dynamic team in a challenging and rewarding role.

## RECENT PROJECTS

### Webcreatives.io

#### Next.js, TailwindCss

- A website for a web solutions startup, made with next.js and tailwindcss.
- <https://webcreatives.io>

### Restorio
